Ethic Training for Coaches

At Milton Magic FC we want to ensure that all technical staff: Directors, certified coaches, trainers, referees, and persons in charge of safety are all fully trained and certified with current Safe Sports and Making Ethical Decisions. These two courses will equip everyone to identify the legal, ethical, and moral implications of demanding situations that present themselves in the world of team and individual sport. Safe Sport training empowers coaches and parents to recognize and prevent bullying, abuse, harassment, and discrimination (BAHD).

This code applies to all Directors, certified Coaches, Trainers, Referees and Team Managers. It is to ensure a safe a positive environment, by always making the club standard to coincide with Canada Soccer's core values.

Approved: Oct. 29, 24
